JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

cerning the vessels sailing to Tacoma and Seattle via Victoria, the disinfection can not be made as thorough as desirable on account of inability to enforce disinfection of these passengers going to British Columbian ports.

Respectfully,

J. C. PERRY,

*Passed Assistant Surgeon, U. S. M. H. S.*

The SURGEON-GENERAL,  
*U. S. Marine-Hospital Service.*

CUBA.

*Reports from Cienfuegos, Casilda, and Santa Cruz del Sur.*

CIENFUEGOS, CUBA, *February 12, 1900.*

SIR: I have the honor to report that during the week ended February 10, 1900, 27 deaths have occurred in this city, 4 from malaria, 3 from intestinal diseases, 4 from tuberculosis. Of these deaths, 9 were in the civil hospital. Death rate for the week in this city is 35.19. Four foreign vessels entered this port during the week; 3 received bills of health for other ports.

The bodies of 19 soldiers were shipped to the United States on the United States army transport *Buford*; inspection was made and certificates given that no contagious or infectious disease was the cause of death.

*Casilda.*—Dr. Alejandro Cantero reports, for the week ended February 3, 4 deaths; 1 from intestinal disease, and 1 from tuberculosis. Inspected 2 foreign vessels during the week. Also reports, for the week ended February 10, 10 deaths; 1 from malaria, 3 from intestinal diseases, 2 from tuberculosis. No foreign vessels inspected during the week.

*Santa Cruz del Sur.*—Dr. Juan R. Xiques, reports, for the week ended February 10, 1 death, cause pneumonia. No contagious diseases reported. No foreign vessels entered this port during the week.

Respectfully,

J. M. LINDSLEY,

*Acting Assistant Surgeon, U. S. M. H. S.*

The SURGEON-GENERAL,  
*U. S. Marine-Hospital Service.*

*Yellow fever on the training ship Lancaster at Cienfuegos.*

[Cablegram.]

CIENFUEGOS, CUBA, *February 10, 1900.*

SIR: Seven cases of yellow fever on training ship *Lancaster* detained in quarantine.

LINDSLEY,

*Acting Assistant Surgeon, U. S. M. H. S.*

The SURGEON-GENERAL,  
*U. S. Marine-Hospital Service.*

*Report from Havana.*

HAVANA, CUBA, *February 14, 1900.*

SIR: I have the honor to submit the following sanitary report of this station for the week ended February 10, 1900:

Two cases of yellow fever were reported during the week, and no deaths. There were 2 cases of yellow fever remaining under treatment
